

OHOPÉ BEACH SCHOOL

RL System: Ultratherm MSR
Project Size: 1,000m²
Location: Bay of Plenty
Project Date: 2019

Architect: Ignite Architects
Contractor: Marra Construction
Installer: TH Commercial

PROJECT DESCRIPTION

Ohope Beach school is located east of Whakatāne and just a stone's throw from the sea. The redevelopment includes a new two-storey innovative learning block with an equivalent to 11 new teaching spaces, grouped in sets of two or three hubs.

The design is specialised for the coastal environment and inherently incorporates sustainable solutions, including the highest standards of lighting, ventilation, temperature control, air quality, and acoustics.

All RL Systems can go up to ISO Category 5 Corrosion Zones (severe marine environments)

SPECIFIED ROOFLOGIC SYSTEM

RoofLogic's Ultratherm MSR system:-

- RL LinerDeck
- RL Vapour Control Layer
- RL Acoustic Board
- RL PIR Board
- RL Underlay
- RL TopDeck T
