

# SEALINK TERMINAL

**RL System:** Ultratherm MSR  
**Project Size:** 450 m<sup>2</sup>  
**Location:** Auckland  
**Project Date:** 2024

**Architect:** Architectus  
**Contractor:** Clearwater Construction  
**Installer:** Graham Hill Roofing

## PROJECT DESCRIPTION

SeaLink runs a vehicle, passenger and freight ferry service on Auckland's Hauraki Gulf and has played an important part in the maritime story for Wynyard Quarter. They are an integral connection between Auckland City and the surrounding Gulf Islands, including Waiheke and Great Barrier Island. The location of this building requires the chosen Ultratherm MSR to perform under harbour conditions.

## SPECIFIED ROOFLOGIC SYSTEM

RoofLogic's Ultratherm MSR systems were specified for the project, incorporating:-

- RL LinerDeck
- RL Vapour Control Layer
- RL Acoustic Board
- RL PIR Board
- RL Underlay
- TopDeck T
